Brewed and Bottled by Port Brewing Company, San Marcos CA

**AVAILABILITY:** Seasonal Rotating Release

**FORMATS:** Limited Draft and 22 Ounce Bottles

**BEER DESCRIPTION:** Our homage to the easy drinking lagers of Germany with a twist (more alcohol). We brew Panzer Pilsner with imported German Pilsner Malt and all Noble Hops. Filtered for a crisp finish, Panzer Pilsner has the intensity of flavor you're accustomed to seeing in a West Coast IPA while staying true to the German Malt and Noble Hop foundation of brewing.

**DESCRIPTION AND INFORMATION:**

**AROMA-** A blend of aggressive Noble hopping character paired with a distinctly imported malt backbone. Both of these aroma centers are balanced sulfury notes from the Lager fermentation which resonates through the finish of the beer.

**TASTE-** A smooth easy drinking lager brewed with serious amplification of flavors. This is the sort of beer that after a couple will give you enough courage to muster up driving a tank down a Southern California Beach on a hot summer day.

**COLOR-** Straw Yellow

**O.G.-** 1.080

**FINISH-** Smooth with some higher alcohol warming notes

**BODY-** Medium. An almost sessionable strong lager with great hop conviction

**ABV-** 9.2%

**HOPS-** Spalt, Hallertauer and Tettnang

**SUGGESTED SERVING TEMPERATURE-** 42-46F
